

2017 ANNEVAR MAKER FAIR

(FREE) BOOTH REGISTRATION (FREE)

Saturday, June 17th at VFW Park from 1-4pm!

Fun and education for all ages and families!

MAKERS OF ALL DISCIPLINES ARE INVITED TO EXHIBIT AND DEMONSTRATE THEIR CREATIONS AT THE 2017 ANNEVAR MAKER FAIR!

Mission: As technology continues to pervade our society, we believe that **many skills and methodologies for “Making” are at risk of becoming lost** arts. Our directive and ambition is to preserve that skill and knowledge and spread it throughout our community.

Demonstrate & Share Knowledge: Our core principles are to show and teach others our skill, our passion, and our technique.

Engage: We want to foster a community of Makers. Building that community requires that we meet people, learn about their interests and build a thirst for knowledge about the world around us.

Inspire: Share our passions and knowledge and most importantly infect our fellow citizens with the sense of curiosity and desire to learn how things work and how to make them on their own.

Registration Form

Person / Organization / Phone Number

What is your name and/or the name of the organization behind the booth and primary contact phone number
