

Downtown Market Survey

The Ravenna Chamber of Commerce is researching the possibility of running a downtown market held on a regular basis which could potentially draw in a lot of out-of-town business, keep community members in town to spend their dollars, provide a platform for businesses, organizations and more to connect with the community, provide entertainment options for kids, families, teens, young professional and seniors and so much more. Please give us your input so we can build this market to be something we can all be proud of and enjoy.
